Each K'NEX piece has its own color and shape; match it to pieces in the picture instructions. Put pieces together exactly as pictures show. Be sure to put rods in the correct slots of connectors, so you have proper angles in your finished model.

Assurez-vous de bien assembler les tiges dans les fentes des connecteurs afin d'obtenir des angles corrects une fois le modèle fini. Asegurarse de colocar las varillas en las ranuras correctas de los conectores, de modo que al terminar el modelo, los ángulos sean los adecuados.

Chaque pièce K'NEX a une couleur et une forme bien à elle. Faites correspondre et montez les pièces les unes sur les autres en suivant exactement les instructions illustrées. Assurez-vous de bien assembler les tiges dans les fentes des connecteurs afin d'obtenir des angles corrects une fois le modèle fini.

You can slide these special connectors together. Push tightly until you hear a "click". Pay close attention to the instructions and position them horizontally or vertically exactly as they are shown.

Se puede juntar estos conectores especiales deslizando los. Empujar ligeramente hasta oír un "clic". Hace falta prestar mucha atención a las instrucciones y posicionar los conectores horizontal o verticalmente exactamente tal como se muestran.

Les connecteurs bleus et gris ont une longue encoche spécialement conçue pour s'emboîter les unes dans les autres, tel qu'illustré. Bien les pousser ensemble jusqu'à ce qu'un dé clic se fasse entendre.

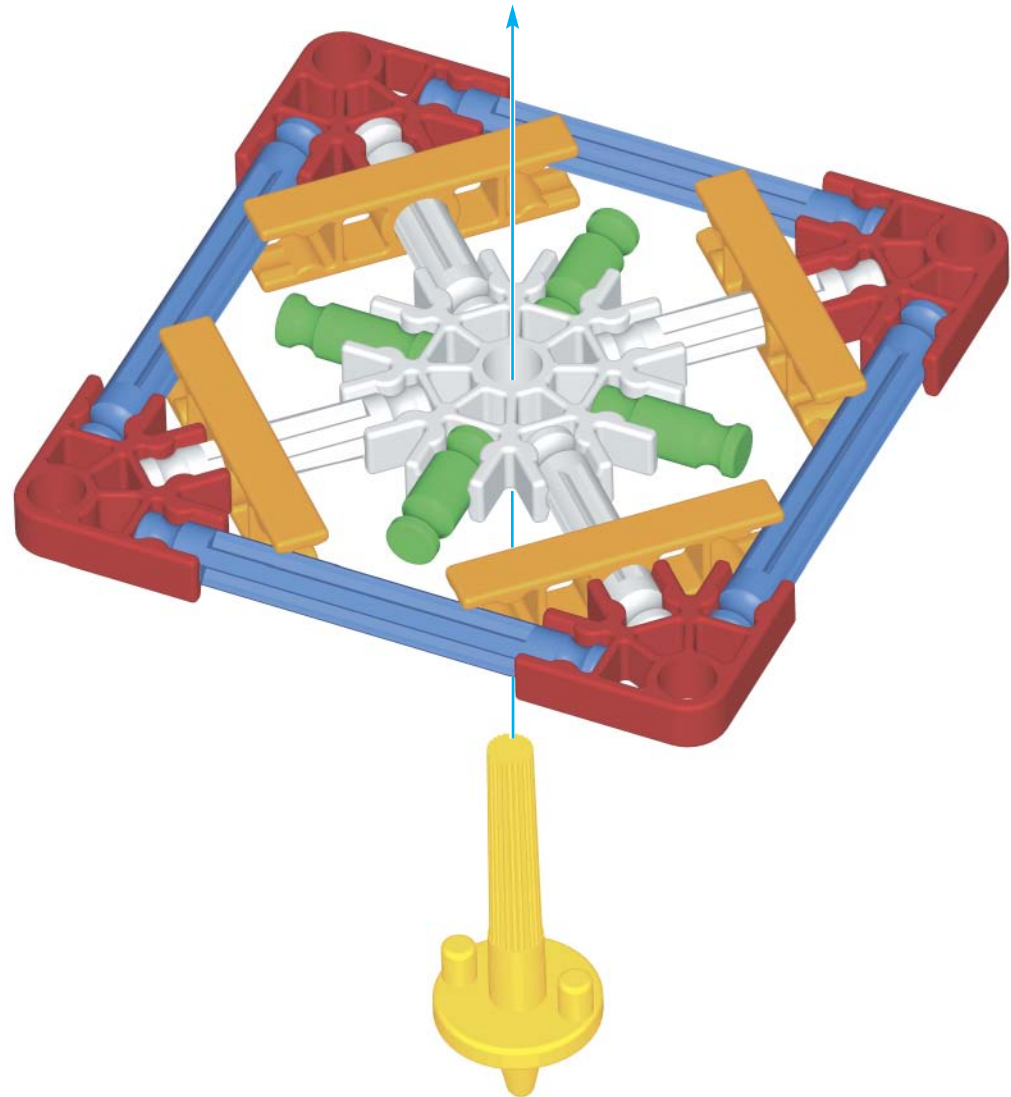

Faded colors indicate sections previously built; connecting points will be in full color.

Los colores apagados indican secciones que ya han sido montadas anteriormente. Los puntos de conexión se indican con colores vivos.

Les couleurs plus claires indiquent les sections déjà construites. Les points de jonction sont indiqués en couleurs vives.
